Fabio Alcocer Sejas

Front-End Developer

I'm a Front-end developer with 1 year of experience, open to work with any technology. I'm always looking for new and creative ways to overcome technical challenges. My attention to detail and strong communication skills makes me a valuable asset to any organization.

I enjoy collaborating with cross-functional teams to turn ideas into reality. I look forward to bringing my passion for development and my commitment to delivering exceptional user experiences to a dynamic and growing company.

MOST RECENT WORK EXPERIENCE

Front-end Developer at OpenBootcamp SL.

April 2022 - February 2023 Valencia, Spain (Remote)

RESPONSIBILITIES

- Guiding teams of students during the development process of the different dynamics organized by the company, in order to prepare students for real work environments.
- Develop and maintain the Front-End of the different endpoints of the company's website.
- Develop and maintain the Front-End side code to ensure that the user interface is properly integrated with the functionalities of the company's different websites.

KEY ACCOMPLISHMENTS

- Improved user experience by reducing average page load time from 8 seconds to 5 seconds by implementing lazy loading and optimizing database queries.
